(Min. lot size – 20,000 sq. ft.)

P-C PLANNED COMMUNITY ZONE: Provides for the orderly development of large tracts of land, which may contain a variety of land uses, but are under unified ownership or control. (No P-C zone shall include less than fifty (50) acres of contiguous lands.)

F-1 FLOODWAY ZONE: Regulates land use and development in an area designated for a flood control channel. All uses are subject to a conditional use permit such as open private and public recreation areas, parking lots, used car lots, storage yards, agricultural uses and other use which does not require permanent structures.

T- TIDELANDS ZONE: Permits water oriented industrial, commercial and recreational uses. All uses require Planning Commission, City Council and San Diego Unified Port District approval.

UNCLASSIFIED USES: There are certain land uses, which possess such unique characteristics that they are not automatically included as a permitted use in any zone. Examples – churches, private and public schools, recreational uses, cemeteries, etc. The Planning Department should be contacted for specific information.

MODIFYING DISTRICTS (attached to underlying zone): The purpose of the modifying districts is to provide for special provisions regulating development where appropriate or necessary in addition to the basic regulations of the Zoning Ordinance.

D- DESIGN CONTROL MODIFYING DISTRICT: The D District establishes site plan and architectural design control to promote orderly and harmonious development within designated area.

S – HEIGHT OF BUILDINGS (STORIES) MODIFYING DISTRICT: The S District establishes the number of stories permitted in an area which shall take precedence over any height restrictions required by the underlying zone.

## **Zone Classifications**

### MODIFYING DISTRICTS (cont.)

**P – PRECISE PLAN MODIFYING DISTRICT:** The P District requires that the use of land and buildings, including height, setbacks and open areas be developed in accordance with the approved precise plan. The plan will take precedence over the restrictions of the underlying zone.

**E – EQUESTERIAN MODIFYING DISTRICTS:** The E District provides for horse keeping in single-family residential or agricultural zones and is generally twenty (20) acres or more in size. Specific conditions are established in the district relating to location of paddock and sanitary regulation.

**PUD – PLANNED UNIT DEVELOPMENT MODIFYING DISTRICT:** The PUD District provides for greater flexibility and creative design in the development of various uses, buildings, structures, and open spaces in planned building groups. The district is intended to promote economical and efficient use of land while providing a harmonious variety of housing choices as well as a high standard of usable open space.

**H – HILLSIDE MODIFYING DISTRICT:** The H District establishes density and grading limitations according to the existing average natural slope. The district is placed on specific hill areas to preserve and enhance the beauty of the City's natural landscape.
